

## WELCOME TO SIMPLY SUSHI!

Our intention is to provide our patrons with a great range of the highest quality and freshest sushi dishes available in SA, in a relaxed, elegant environment.

I encourage you to experiment with new dishes and new tastes. I guarantee you will discover new favorites if you are prepared to be a little adventurous and step outside your "comfort zone" just a tad!

If you're new to Sushi and not sure what to do or what to order, please feel free to ask our waiting staff for advice and suggestions. They will be more than happy to assist you.

**To avoid wasting food, as we near closing time you may find there are only a few or even no plates left on the conveyor. Don't be concerned. Everything is still available. It's simply a matter of ordering directly from the chefs (or waiting staff if you are seated at a table) and your order will be prepared fresh and promptly for you. Part of the experience and enjoyment of eating sushi is being able to communicate directly with the chefs!**

On behalf of all staff I hope you enjoy your visit to Simply Sushi, and look forward to providing you with regular enjoyable dining experiences!
